

The CRC delivers a range of services to children and adults with disabilities both nationally and locally through our centres in Dublin, Limerick and Waterford and our Outreach Services. The mission of the CRC is that by working together we make a positive difference to the lives of people with disabilities, their families and carers. Our vision is that people with disabilities achieve their potential and live full lives as equal and valued citizens.

Clinical Specialist Physiotherapist

Gait Analysis Laboratory

Full Time, Permanent Contract

This post represents an exciting opportunity to work with an experienced multidisciplinary team based primarily in Clontarf. The role will provide clinical, educational and research guidance and support to colleagues in the CRC and to referrers nationwide. The Clinical Specialist will be expected to evaluate and disseminate evidence based practice in the area of gait and movement analysis thereby influencing clinical practice.

Essential requirements are:

- A degree or recognised qualification in Physiotherapy which is validated by the Irish Society of Chartered Physiotherapists
- Membership or eligibility for membership of the Irish Society of Chartered Physiotherapists
- A masters or higher degree in a relevant area
- A minimum of five years' experience at a senior level in the field of clinical gait analysis with ability to demonstrate credibility
- Evidence of achievement in the area of professional practice development
- Evidence of relevant Continuing Professional Development
- Advanced knowledge of biomechanics and clinical gait analysis
- Evidence of international publication and presentation of relevant research.
- Fluency in spoken and written English
- Excellent communication, initiative, time management and teamwork skills

Desirable requirements are:

- Knowledge of musculoskeletal modelling software
- Evidence of teaching/lecturing on the specialty.

Applicants must submit a CV and cover letter to demonstrate how they meet the required skills, competencies and knowledge for the post.
